RETRACTA-BELT® STANCHIONS

Tried and true stanchion that has been proven for decades to be the safest and most durable post on the market.

- Single or Dual line posts with 10' or 15' long belts.
- Versatile base options, including our aesthetically pleasing **MINI-SOCKET** mounts, which are easily installed with minimal surface impact to your floors.
- Sturdy cast iron bases feature our exclusive **EVERstraight®** Technology, ensuring the post remains straight for it's lifetime.
- Customizable with hundreds of stock and specialty finishes and belt options.

STAINLESS STEEL OUTDOOR LOOP POST

The simple design and durably constructed loop posts are ideal for amusement parks and outdoor venues.

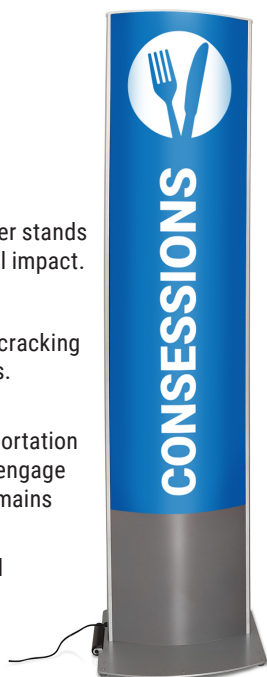

- Fully customizable: choose from two or four loops, Single or Dual line and five base options (permanent to portable).
- Pair with your choice of Zinc Plated (lighter duty) or Polished Stainless Steel (heavy duty) chains or ropes.
- Posts are constructed from 304 grade alloy stainless steel.
- Superior welded construction to withstand busy environments and the outdoor elements.
- Stainless Steel snap ends with quick lines enable easy removal of chains.

VERSA-STAND SIGN TOWER

The prominent **VERSA-STAND** Sign Tower stands out above the crowd for maximum visual impact.

- Two available heights: 72" or 92" tall.
- Durable PETG signage panels prevent cracking and withstand heavy use environments. Alternative materials available.
- Tilt & Roll wheel allows for easy transportation when the Sign Tower is angled, yet disengage when it is upright to ensure the unit remains stationary.
- Illuminate the Sign Tower with optional lighting for even greater visibility.
- Outdoor versions available.

RIGID SYSTEMS

Rely on durable, secure, rigid systems to withstand the toughest wear and tear.

- Hot-dipped galvanized Steel Barricades are available in 6.5'-8' wide lengths with bridged or flat feet, ideal for outdoor use.
- Post-N-Panels are ideal for defining a queue line perimeter, and can generate revenue through co-op advertising with prominently displayed graphics.
- 8' tall Post-N-Panels create optimal wayfinding and attraction information opportunities.
